

SPC Programme in Guam

01/01/2016 - 31/12/2016

The following table lists key work areas that SPC is undertaking in 2016 cooperation with Guam. The country-specific work listed here complements other SPC work undertaken at a regional level to benefit the people of Guam and achieve its national development priorities. SPC's key regional work is presented in the Pacific Community Results Report.

SPC expected contribution to national development goals			
Expected long term result (impact)	Expected medium term result (outcome)	Status	Outputs taking place or expected to commence this year
National Level Work			
Pacific Island people reach their potential and lead long and healthy lives			
Public Health			
Improved health and well-being of Pacific communities	PICTs have access to high-quality information and evidence to inform policy and the delivery of core public health functions	Ongoing	Provided technical support to the Pacific Public Health Surveillance Network / LABNET building L2 laboratory at Guam Public Health Laboratory (GPHL) in collaboration with the Pacific Island Health Officers Association and GPHL
		On Track	Technical assistance provided to strengthen epidemiology capacity in preparation for 2016 Festival of Pacific Arts
The Pacific region and its people benefit from inclusive and sustainable economic growth			
Land resources			
Increased contribution from agriculture and forestry sectors to inclusive broad based economic growth	Increased capacity of PICTS to meet standards, guidelines and conditions for exports and domestic trade	On Track	Capacity building support rendered to Northern Pacific countries on the establishment of the Micronesia biosecurity plans; training provided
Statistics for Development			
Pacific national and regional statistics are accessible and are being utilised	PICTs have the technical capacity to manage and implement all core statistical collections, including key administrative databases, as required by national development plans, including national strategies for the development of statistics	On Track	Rebased consumer price indices; compilation manual produced
